Group Experience Program

The SPCA of Texas’ new Group Experience Program has been thoughtfully tailored to provide an enriching experience to your group members, providing the opportunity for your group to give back to the community while learning about the life-saving work the SPCA of Texas performs daily rescuing animals from cruelty.

All group experiences begin with an in-depth overview presentation, followed by a behind-the-scenes tour, leading up to a mission-critical volunteer project. And every group is rewarded for their efforts with a doggy meet-n-greet!
