OH CHRISTMAS TREE
TRIM THE TREE WITH YOUR PET’S SAFETY IN MIND.

TINSEL
- Can get caught up in your animal’s intestines – keep it towards the top or skip it.

ORNAMENTS
- Can shatter causing lacerations/cuts or pose a choking hazard, place them on higher branches.

STRING LIGHTS
- Can cause shocks if chewed on, keep them out of their reach.

FOIL/PLASTIC BOTTLES
- Filled with knick knacks will help keep your pet away from the tree! Place around the bottom tree trunk and branches.

FOOD
- To be safe, it is best to avoid giving your pet people food.
  - Food high in sugar, fats and carbs will give your pets a serious tummy ache. Desserts in general are to be avoided.
  - Ham, turkey and other holiday dishes are typically high in fat. The main danger with feeding your pet scraps is pancreatitis.

GIFT IDEAS
- Donations make excellent gifts for pet lovers! You can make a gift in your loved one’s honor or even purchase a gift certificate for them to use to microchip or vaccinate their pet!
- Adopt a pet this holiday season. If a pet is given as a gift, be sure the new owner is aware of the lifetime commitment and is the one to choose their new best friend.
